BFSI Post-Footprints

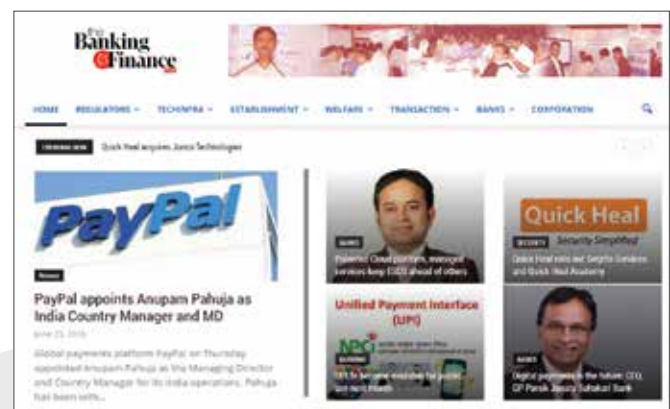

The Banking & Finance Post is one of the four magazines published by Elets Technomedia. The magazine covers key trends in Banking, Financial services and Insurance (BFSI) domain and has rich content of the banking and corporate world. No other magazine in Asia offers readers such in-depth coverage of BFSI sector. We cover all aspects of the sector - from major challenges in the growth of BFSI sector to new technological advances. The magazine's core strength is its ability to carry the views of all the stakeholders in BFSI domain - policy makers, bankers, experts and industry leaders. Rest assured, all key issues related to banking technology domain will be discussed threadbare at this groundbreaking summit.

We look forward to meeting you there.
