TECH SUMMIT

7 DECEMBER 2017 | BENGALURU

Going Extra Miles for Development with NBFCs in South India

Indian banking sector has been facing a lot of trouble over the past few years due to the burden of bad loans. This scenario has opened up new vistas for the Non-Banking Financial Companies (NBFCs).

Unlike the other players in the banking and financial segment, NBFCs grew by 15.5 per cent in Financial Year (FY) 2016-17 as against 9.1 per cent growth in FY 2015-16.

Highlighting this growing significance of NBFCs, Elets Technomedia, for the second time in a row, is going to organise 2nd NBFC100 Tech Summit on 7th December, 2017 at The Lalit Ashok in Bangalore. The Summit will cover the factors affecting the rapid growth and upcoming opportunities within the NBFCs, specifically in the Southern part of the country. This conglomeration will assimilate the who's who from the NBFC sector across Karnataka, Tamil Nadu, Kerala and Andhra Pradesh.
